## Message from the Editors

We are delighted to welcome our readers to the first issue of Volume 14 of JDD, which is dedicated to Aesthetic dermatology as the official journal of the annual Orlando Dermatology and Aesthetic Conference. For 2015, we have planned several special issues with original articles on a wide range of topics as well as reviews and updates that we hope you will find interesting and relevant to your practice. The JDD is dedicated to attracting the best science and clinical trial manuscripts in the field and welcome you to submit your best work to the journal. We have received an increasing number of submissions with each volume and have tried to encompass the international community of dermatologists, which has grown with our partnerships with many dermatology societies throughout the world. We are immensely grateful to our authors and especially our dedicated editorial board members and all who have given their time and have helped make the journal a success. We look forward to working with you on the next volume and wish you all a wonderful 2015!

Sincerely,

**Perry Robins MD**
